**REQUEST TO GRANT PRIOR PETITION TO
CHANGE INVENTORSHIP UNDER 37 C.F.R. §
1.48(a)**

Dear Sir:

Inventor(s) and Assignee(s) previously requested a change of inventorship under 37 CFR 1.48(a) prior to the issuance of the present patent. A true and correct copy of the prior petition papers is enclosed as Exhibit 1. The petition was made on November 4, 2003. Exhibit 2 shows a true and correct copy of the postcard returned by the Patent Office regarding the petition.

The application subsequently issued as the patent captioned above. No action was taken with respect to the earlier request to amend inventorship under 37 CFR 1.48(a).

MPEP § 1481 reads in part as follows:

Similarly, if a request under 37 CFR 1.48(a) > , (b), or (c) < is filed in a pending application but not acted upon until after the application becomes a patent, the request may be treated as a petition under 37 CFR 1.324, and if it is grantable, form paragraph 10.14 set forth below should be used.

MPEP Rev. 2, May 2004, Section 1481, page 1400-80, column 1, second complete paragraph.

Consequently, Inventor(s) and Assignee(s) believe that the prior request to change inventorship should be granted as a petition under 37 CRF § 1.324, and respectfully request same. Concurrently, filed herewith is a proposed correction of patent showing the inventor change which should have been effectuated prior to issuance.

If the Commissioner believes that a telephone or other conference would be of value in expediting the petition set forth herein, enabling an amendment, correction, or other meaningful discussion of the case, Applicant(s) and Assignee(s) invites the Commissioner to contact the representative at the number listed below.
